# CORONAVIRUS (COVID - 19)
CRISIS MANAGEMENT RESPONSE

COMMAND - CONTROL - COLLABORATE - CONTAIN

The **COVID-19** crisis is challenging agencies to effectively coordinate and communicate with personnel from multiple, disparate organizations at the local, state and federal levels.
How do you get them on the same page so that you can collect and distribute the mission critical information needed to make informed decisions and take appropriate action?

DragonForce, a command and control app, deploys in seconds on the smartphones, tablets and laptops you are using right now and provides secure, powerful, yet easy-to-use collaboration tools to collect and share information and coordinate personnel.

Key Features:

- Create multiple secure collaboration groups with personnel from any agency
- Track the location and operational status of personnel in real-time
- Send secure messages to individuals or entire groups
- Securely share files, photos, videos & documents
- Collect and share data with situation reports
- Coordinate tactics with shared whiteboards (maps, photos, floor-plans)

CORONAVIRUS (COVID - 19)
CRISIS MANAGEMENT RESPONSE

COMMAND - CONTROL - COLLABORATE - CONTAIN

DragonForce is a team collaboration platform that provides shared situational awareness with a set of powerful, yet easy-to-use tools. DragonForce empowers agencies to coordinate day-to-day to large scale operations more quickly, safely, and effectively by giving users access to the intelligence they need.

DragonForce enables you to securely communicate and collaborate with personnel from any local, state or federal agency. You will be able to form multiple collaboration groups with personnel from any agency and securely send messages, share files and documents, file situation reports, track personnel and coordinate logistics and tactics. No special equipment is required! The DragonForce app installs on any smartphone or tablet in seconds and runs on any standard web browser.

We know you need to respond **NOW**.
Key points about DragonForce:

- Your DragonForce platform will be operational in less than 24 hours
- Use your own devices (smartphones, tablets, laptops) – no hardware to buy
- DragonForce is easy to use requiring no special training
- DragonForce can securely handle 10 to 100,000 users from multiple agencies & organizations

DragonForce collaboration groups are formed in seconds! Giving group members secure, collaborative access to maps, photos, videos, documents and forms.

DragonForce's team collaboration experience provides the precise location, identity, intel and operational status of your entire team facilitating enhanced decision making and a more effective response.
