DRAGONFORCE

DRAKONTAS

COMMAND | CONTROL | COLLABORATE

DragonForce is a team collaboration platform that provides shared situational awareness with a set of powerful, yet easy-to-use tools. DragonForce empowers agencies to coordinate day-to-day to large-scale operations more quickly , safely and effectively by giving users access to the intelligence they need.
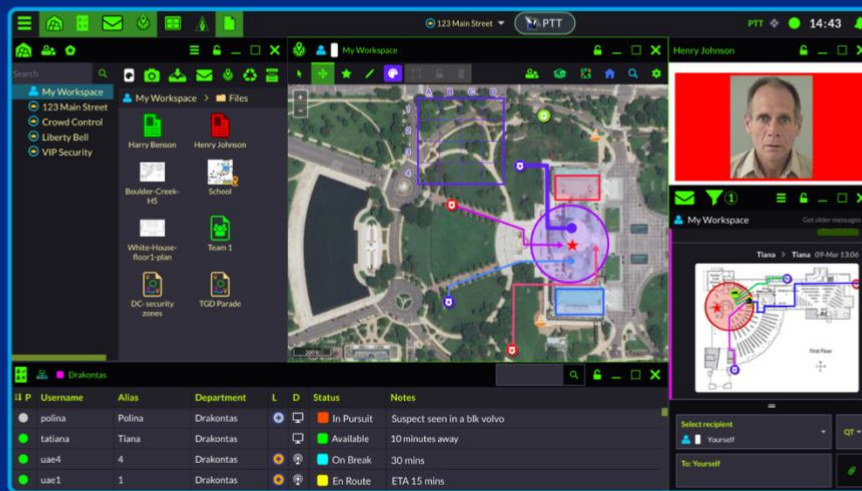

CORE FEATURES

- ‣ Personnel Tracking
- ‣ Tactical Whiteboarding on maps, images & floor plans
- ‣ Push-to-Talk (PTT) with dynamic talk group creation
- ‣ Secure Messaging & File Sharing
- ‣ Video Streaming
- ‣ Customizable Digital Forms
- ‣ Quick Response (QR) Onboarding
- ‣ Mass Notifications & User Status Dashboards
- ‣ After-action Reports

DragonForce gives you the tools you need to quickly, safely and effectively respond to any situation, all in one easy-to-use, secure and affordable app

The DragonForce collaborative experience gives you:

- ‣ Shared Situational Awareness
- ‣ Command & Control
- ‣ Secure Team Communication

ONE TOOL - MANY MISSIONS

DragonForce turns the smartphones, tablets and web browsers you already use into a mission-critical collaboration system.

DragonForce supports small specialized teams to large national organizations with multiple, multi-level departments.

DragonForce adds value to all phases of your organization's operations.

- ▸ Leverage your CAD, AVL and GIS investments with API integrations and view all your data in a unified DragonForce common operating picture

- ▸ Timestamped logging of messages, location reports, photos and form submissions for easy after-action reporting.

- ▸ Intuitive, easy to use interface requires minimal training to operate.
